

AREAS OF EXPERTISE

Regulatory Compliance & Risk Management

Building Code Compliance for Hazardous Occupancies

Emergency Planning

Corporate Social Responsibility

EHS Management Systems (ISO 14001, ISO 45001)

Facilities Safety and Closure

Due Diligence for Business and Real Estate Transactions

PROFESSIONAL HISTORY

Taylor Professional Services, Inc.
Owner/Independent Consultant
2004 to Present

URS Corporation
Senior Project Scientist
1998-2004

Hughes Technical Services Company, Safety, Health and Environmental Affairs
1996-1997

Storage Technology Corporation, Corporate Environmental Coordinator,
1992-1996

EG&G Rocky Flats, Inc., Principal Engineer, Permitting and Compliance
1990-1992

Rockwell International Corporation, Lead Environmental Engineer
1988-1990

McLaren Environmental Engineering, Environmental Specialist
1987-1988

EXPERIENCE

Glenn Taylor offers 30 years of experience helping organizations with cost-effective programs that control environmental, health and safety (EH&S) risk and compliance. Having served as both a corporate manager and a consultant to a wide-range of industries, Mr. Taylor has developed a unique ability to produce results that are aligned with his clients' core business and the interests of its employees, customers, regulatory agencies, and the community. Listed below is a summary of core competencies and experience.

► **Regulatory Compliance and Risk Management** that includes process development, day-to-day oversight, training, monitoring, recordkeeping, reporting, and regulatory agency communications (OSHA, EPA, DOT, DOSH, DTSC, SWRCB, sanitation districts, AQMDs, CUPAs, and fire departments).

Workplace safety programs:

- Accident prevention and investigation
